Pretreatment Auxiliaries

PRODUCTS

CATEGORY

TECHNICAL ADVANTAGE

DESIZING AGENTS

SB TEX CDE	Desizing Enzymes	Application over wide range of temperature 70 -100 C including steaming and pH 5 - 8.
SB TEX RDWS	Desizing Enzymes	It is a special blend for desizing of fabrics. It has got very good wetting properties which are essential for desizing of hard and sized fabrics.
SB TEX 8200	Desizing Enzymes	High temperature amylase for desizing of cotton garments / yarns & fabrics , Highly concentrated product.

MERCERISING AGENTS

SB TEX NCNF	Mercerising Wetting Agent	An optimum wetting & penetrating actions in alkaline liquors.
SB TEX MW R	Mercerising Wetting Agent	High Performance Concentrated Wetting Agent for Improved Mercerisation of Cotton Yarn & Fabric.

PRETREATMENT CBR PACKAGE

SB TEX WT 100	Wetting Agent for CBR	A highly effective APEO free non ionic surfactant for all textile processes.
SB TEX EXS	Chelating Agent	Chelating & sequestering agent for heavy metal ions , best suited for cotton & cellulose substrate
SB TEX STAB	Peroxide stabilizer	Concentrated high performance organic stabilizer for silicate free peroxide bleaching of cellulosic

WETTING & SCOURING AGENTS

SB TEX ED CONC.	Wetting Agent for Jigger	Good wetting & rewetting power , good oil emulsification & detergency properties
SB TEX EDLF	Low foaming Wetting Agent	Low foam non ionic scouring & wetting agent for preparation of cotton , synthetic & blend fabrics
SB TEX ONE POWDER	3 IN 1 Pretreatment Agent	Multifunctional product for discontinuous where caustic requirement for scouring and bleaching cellulosic is substantially reduced.

LUBRICANTS

SB TEX LUBE 100	Lubricating Agent	Lubricating agent to reduce crease marks.
-----------------	-------------------	---

PEROXIDE STABILIZER

SB TEX CPS	Peroxide stabilizer	Stabilizer for Peroxide Bleaching in Exhaust Application.
------------	---------------------	---

SEQUESTRANTS

SB TEX HTS	Sequestering Agent	Highly Efficient Sequestering cum Stabilizer for High Temperature peroxide bleaching.
SB TEX SEQS	Sequestering Agent	Highly Efficient high Temperature Stable Phosphates free Sequestrants for Iron & other Heavy Metals.

CORE ALKALI NEUTRALIZER

SB TEX CORE NEUTRA	Core Alkali Neutraliser	Highly concentrated formulation for effective removal of alkali from core of fibre in low dosage.
--------------------	-------------------------	---

OPTICAL BRIGHTNERS

SB WHITE ABP LIQUID	Optical Brightening Agent	Medium substantive OBA for Cotton & its blends.
SB WHITE BHT LIQUID	Optical Brightening Agent	High substantive OBA for Cotton & its blends.
SB WHITE MST LIQUID	Optical Brightening Agent	Low substantive OBA for Cotton & its blends.

Dyeing Auxiliaries

PRODUCTS

CATEGORY

TECHNICAL ADVANTAGE

BIO POLISHING ENZYMES

SB BIO 500	Acid Bio	Specially designed Acid Bio for cotton.
SB BIO Neutra 100	Neutral Bio	Neutral cellulase enzyme for bio polishing

WASHING OFF AGENTS

SB WASH 100	Washing Off	Complete removal of unfixed reactive dyes improving fastness of textiles & act as an effective dye bath conditioner.
SB WASH 350	Washing Off	An efficient reactive wash off.

DYE FIXING AGENTS

SB FIX 100	Dye fixing Agent	Formaldehyde based reactive dye fixing agent. (30 %)
SB FIX 500	Dye fixing Agent	Concentrated Formaldehyde based reactive Dyefixing Agent. (50 %)
SB FIX FF 500	Dye fixing Agent	Concentrated non formaldehyde dye fixing agent

LEVELLING AGENTS

SB TEX LEVEL RD	Levelling & Dispersing Agent for Reactive Dyes	Excellent Levelling & Dispersing action during Reactive & Vat Dyeing.
-----------------	--	---

ACID BUFFER

SB TEX GA 400	Acid buffer for Cellulose & Cellulose blends dyeing.	Eco friendly acid buffer.
SB TEX GA 650	Green Acid for Cotton & it's blends.	Eco friendly acetic acid replacement.

Printing Thickeners & Auxiliaries

PRODUCTS

CATEGORY

TECHNICAL ADVANTAGE

REACTIVE PRINTING PACKAGE

SB RPT 3500	Reactive Printing Thickener	It exhibits prints with high brightness, high brilliance & high permeability.
SB RPT ECO	Reactive Printing Thickener	Synthetic thickner for making Reactive Printing Paste.
SB RPT 4000	Reactive Printing Thickener	It is a reactive dyes printing on cellulosic & viscose substrates. It exhibits prints with high brightness, high brilliance & high permeability.
SB PRINT AL 100	Reactive Printing Thickner Powder Form	It is extracted from natural polysaccharides and modified, to induce compatibility with reactive dyes and other auxiliaries used for reactive printing
SB PRINT LRS	Liquid Resist Salt	Liquid Oxidising Agent.
SB PRINT GRS	Granuals Resist Salt	Oxidizing agent in granuals form.
SB PRINT LPA	Deaerating Agent	Levelling and Penetrating agent for Print Paste.

PIGMENT PRINTING PACKAGE

SB PRINT 120	Pigment Thickener	It disperses readily in water. It can be used as thickner for preparation of coating recipe.
SB PRINT 150	Pigment Thickener	It disperses readily in water. It can be used as thickner for preparation of coating recipe.
SB BIND 100	Pigment Printing Binder	It gives very good brightness & feel to the printed fabrics. It increase the resistance to abrasion and imparts very good wash & rubbing fastness.
SB FIX CL CONC	Formaldehyde Free Crosslinking Agent for Pigment Printing	It enhance fastness properties, especially wet rubbing fastness of printed fabric.
SB SOFT PS	Softner for Pigment Printing.	It imparts soft & dry handle to the fabrics. It does not impair fastness properties of pigment printed fabrics. It is to be added in te print paste.

DISPERSE THICKNERS

SB PRINT DPT	Disperse Thickner	Single product for Polyester print thckening agent.
SB PRINT TKP	Powder	It is specially modified tamarind powder, extracted from the seeds of tamarind tree. It is specially developed for printing of PES with disperse dyestuff followed by super heated steam fixiation (170 - 180 C).

WHITE INK

SB WHITE INK	White Khadi	Economical Khadi for Woven Fabric
SB WHITE INK CONC	White Khadi	Stretchable khadi for Knits & lycra woven fabric.

Finishing Auxiliaries

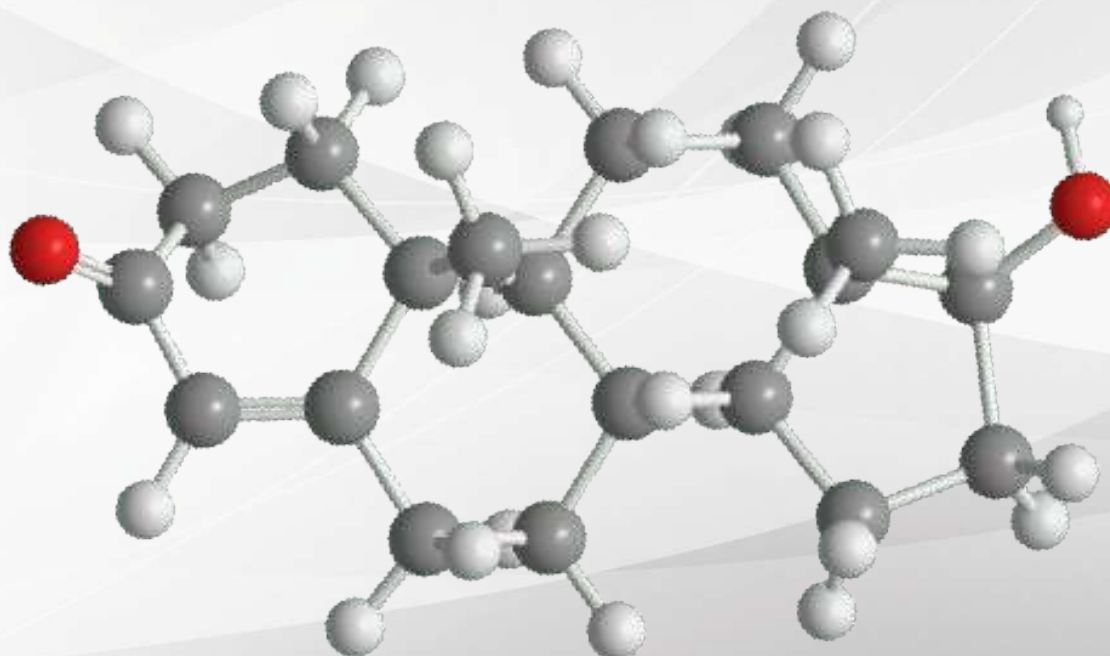

PRODUCTS	CATEGORY	TECHNICAL ADVANTAGE
----------	----------	---------------------

SILICONES

SB SOFT 900	Amino Silicone Softener	Micro emulsion for all round softness on all type fabrics.
SB SOFT 200	Amino Silicone Softener	Amino silicone emulsion gives excellent surface Smoothness.
SB SOFT BSR	Block Silicone Softener	Block silicone emulsion imparting excellent soft handle.
SB SOFT SIL CONC	Block Silicone Softener	Shear stable hydrophilic silicone emulsion.
SB SOFT MAS	Macro Silicone Softener	Macro amino silicone for good surface.
SB SOFT BLOOM ED	Blooming Agent	Good shade deepning effect with excellent handle feel.

SOFTENERS

SB SOFT CSS	Cationic Softener	Very premium surface smoothness with less yellowing.
SB SOFT OCS	Cationic Softener	Cationic softner for all kind of fabric & it's blends.
SB SOFT CWS PREM	Cationic Softener	Premium Cationic cold water soluble softner in 100 % flakes form.
SB SOFT CWS	Cationic Softener	Cationic cold water soluble softner in 100 % flakes form.
SB SOFT HWS	Cationic Softener	Cationic hot water soluble softner softner in 100 % flakes form.
SB SOFT NIS	Non Ionic Softner	Non Ionic softner for all kind of fabric & it's blends.
SB SOFT PE	Poly Ethyene Emulsion	surface smoothness with good lubricity.
SB SOFT HDPE	High density poly ethylene emulsion	Natural surface smoothness. Good tear strength improver for textile.
